The very best way for the Republicans of Kentucky to "get together" is to recognize the fact that the party in this state is again under the leadership of the only man who ever led it to victory, and resolve, one and all, to follow him. Let some may be obtuse as not to know who is referred to. The Ledger will merely intimate that the front initials of this gentleman's name is WILLIAM O'CONNELL BRADLEY.

It's a cold day in August when a Democratic Court, "under the forms of law," can't find a way to get rid of a Republican majority—in Kentucky. The County Judge of Bath county has appointed a Commissioner to re-district the Magisterial Districts in that county, in order that he may appoint a couple of Democratic Magistrates and thus overcome the present Republican majority in the Fiscal Court. And yet the people wonder at the increase of crime.

Senator Debow Wednesday introduced a bill similar to the one introduced in the House Tuesday by Representative Kehoe, changing the time of holding Court in the Eastern Judicial District. Senator Debow's bill also adds Callitags as a place of holding Court.

WOMEN AND JEWELS.

Jewels, costly, flowers, make—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined by the strenuous efforts to make one's money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of cough, cold and bronchial affections by the regular use of Dr. Bowditch's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the great disease from the system. It is not a cure-all, but it is a certain cure for cough, cold and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at J. Jas. Wood & Son's, Dr. Green's Special Almanac.

At some time, if not habitually, you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, bloated or muddy skin, or some of the other symptoms and disorders which tell the story of bad bowels and an impaired digestive system. Laxative will cure you. It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membranes of the stomach, purify your blood and put you "on your feet" again. Your appetite will return, your bowels will move regularly, your liver and kidneys will cease to trouble you, your skin will clear and freshen and you will feel the old time energy and buoyancy.

Mothers who had been seeking the proper medicine to give their little ones for constipation, diarrhea, colic and similar troubles, find Laxative an ideal medicine for children. Children like its taste and ask for it. It keeps their bowels regular without any pain or griping, and acts as a general tonic at the same time. It will assist nature, aid digestion, relieve restlessness, clear the coated tongue, reduce fever, cause refreshing, restful sleep and make them well, happy and hearty.

Laxative, the great laxative tonic, is not only most efficient of family remedies, but the most economical, because it combines two medicines, viz: Laxative and tonic, and at one price, remedy gives such for the money. At druggists, 5c, and 10c, and send for free sample to 1123 LAXATIVE CO., 123 Dearborn Street, N. Y., or 30 Dearborn Street, Chicago.

Genuine stamped C. C. C. Never sold in bulk. Beware of the dealer who tries to sell "something just as good."

Mr. Henry Rasp's window is a novel sight. Wheeler's ingenious mind has arranged a Christmas display wholly unique and original, combining the raw material and skilled workmanship into a display which has deservedly attracted great crowds.

A FRIEND'S ADVICE.

Will Often Help You Greatly. Read What A Mayville Citizen Says.

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Mayville is worth your most careful attention. It is an easy matter to investigate such proof as this. Then the evidence must be conclusive. Read the following:

Mr. Elmer Bridges of 226 West Third Street, says:

"I learned of the great merit of Doan's Kidney Pills over a year ago while in Pittsburgh, Pa. The use of two boxes ended all symptoms of kidney trouble. I have told my friends of the remarkable value of this preparation and advised them to get it at J. Jas. Wood & Son's drugstore corner of West Second and Market streets and give it a trial."

THE CANAL TREATY

Congress Will Take a Vote on the Document Before Adjournment on Next Monday.

AGREEMENT REACHED THURSDAY.

Treaty Opens the Way for the Construction of a Canal Across the Isthmus of Panama.

A Resolution For the Consideration of it in Open Session Went Over—Senate Then Adjourned Until Monday.

Washington, Dec. 13.—The senate agreed to take a vote before adjournment on Monday on the new Hay-Pauncefote treaty for the abrogation of the Clayton-Bulwer treaty and opening the way for the construction of a canal across the Isthmus of Panama by the United States. This agreement was reached after four hours debate, sufficiently interesting to insure the constant attendance of most of the senators.

Senator Spooner, who was one of the principal speakers of the day, had just concluded at 11 o'clock, as that day, one hour in advance of the usual time. The understanding is that as soon as practicable after the senate convenes, Senator Lodge shall move an executive session and that the treaty shall have the entire attention of the senate until a final vote is reached before the adjournment for that day.

In the senate Thursday Mr. Clapp (Main.) offered a resolution providing for the acquisition of the Nicaragua treaty in open session. It went over until the next legislative day.

UNCLE SAM DEFIED.

German Government Will Not Ask Permission to Occupy a Venezuelan Port.

Berlin, Dec. 12.—Some commotion has been caused in the press here by the publication of cablegrams from New York to the effect that Washington considers the German official view of that passage in President Roosevelt's message containing his definition of the Monroe doctrine, which is here construed as permitting the collection of private claims against South American countries by force. In this connection the Tages Zeitung says: "If Germany found it necessary to occupy a Venezuelan port she would not ask Uncle Sam's permission to do so."

WAR THREATENED.

Relations Between Chili and the Argentine Republic Have Become Strained.

GREAT BRITAIN MAY ARBITRATE.

Chili is busily engaged in buying warships, aiming to surprise the Argentine fleet.

There is a general feeling, however, that good sense will prevail and the differences be amicably settled.

Buenos Ayres, Dec. 12.—(Via Galveston.)—The relations between Chili and the Argentine republic are strained. Chili has not yet replied to the demand for the construction of strategic roads in the litigated territory. The Chilean answer to this demand will be given Friday. The Argentine government believes that the Chilean answer will be satisfactory. But a part of the press doubts this. In the meantime both countries are taking effective measures to support the war. Chili has not yet mobilized the militia. In case Chili's reply is not favorable, Argentina will withdraw her minister from Santiago de Chile, and the antecedents and history of the misunderstanding will be forwarded to Great Britain for arbitration.

Chili is busily engaged in buying warships, aiming to surpass the power of Argentina's fleet.

Commercial circles here hope that the influence of the pope will prevent a conflict of arms between the two countries. Calm reigns here. There have been no war-like manifestations by all parties and the Argentine government. The Argentine and foreign newspapers published here unanimously counsel the Argentine government to maintain its present energetic attitude.

Will Mobilize the Reserves. The Argentine government deposited \$2,100,000 in London Wednesday to insure the payments of the Argentine debt. The Argentine government possesses another reserve fund of \$2,100,000.

The house of Buenos Ayres is but very slightly disturbed.

A decree, ordering the mobilization of the reserves of 1878 and 1879, on January 1, has been issued. These reserves number 60,000 men.

The chamber, in secret session, has voted the credits necessary to pay the Chilean minister of foreign affairs will convey the answer of his government to the minister of the Argentine republic to Chili Friday.

There is a certain movement in military circles. There is a general feeling, however, that good sense will prevail and that every difference between Chili and Argentina will be amicably settled.

The statement sets forth that 18 officers and men of Col. Benson's command were kindly and even carefully treated by the Boers, while the other 75 men who were examined testified that they were treated in a most cruel and inhuman manner. The statement also sets forth that the survivors of the engagement suffered torture, being robbed and stripped of their clothing in spite of their wounds and broken limbs.

DECLARED ILLEGAL.

Santiago Iglesias, President of the Federation of Workmen of Porto Rico, Sentenced.

FOUND GUILTY OF CONSPIRACY.

He is Also Charged With Being the Founder of an Unlawful Association on the Island.

Under the Old Spanish Laws It is Conspiracy to Attempt to Raise the Price of Labor—Case Will Be Appealed.

San Juan, P. R., Dec. 13.—Santiago Iglesias, president of the Federation of Workmen of Porto Rico, together with nine companions, was tried in the district court of San Juan Wednesday on a charge of conspiracy. Thursday Iglesias was sentenced to three years, four months and eight days imprisonment. Seven of his companions were sentenced to four months imprisonment, while two were acquitted of the charge of being the founders of an illegal association and conspiracy in 1904, 1906, 1907, 1908, 1909, to raise the price of labor in Porto Rico. The local federation of the workmen of Porto Rico, which is now part of the American Federation of Labor, has been ordered dissolved, as it has been adjudged illegal because of this conspiracy.

Savage Judge of the district court, dissented as to the illegality of the local federation, although he agreed that Iglesias was guilty of a conspiracy to raise the price of labor in August, 1900, when the currency of Porto Rico was changed. At that time nearly all the merchants and employees here raised their prices from pesos to dollars, an advance of 40 cents. Iglesias did the same, contending he only raised wages in proportion to other increases. This constitutes the conspiracy.

Federation Building Fired On.

The case has been appealed to the supreme court of Porto Rico, where it will probably be heard in a month. Pending this appeal Iglesias is at liberty.

Since Iglesias has been here as the organizer of the American Federation of Labor he has been continually attacked in circulars, and threatened by certain republicans who oppose his plan. Yesterday afternoon these republicans fired several shots at the building of the federation. The police searched the rooms of these men for arms, but found nothing. The men who fired these shots had been arrested up to Thursday morning. Iglesias has petitioned Gov. Hunt to report the assault on his men and asking for protection. Iglesias said: "If the laws of Porto Rico are inadequate to punish these offenders, if I can not continue my work of Americanizing Porto Rican laborers unaided, please inform me so that I can return to the United States, abandoning this country and my mission here."

GOMERS SURPRISED.

He Says the Porto Rican Law is Evidently a Relic of Spanish Brutal Code and Regime.

Scranton, Pa., Dec. 13.—When a press correspondent showed the San Juan dispatch to Mr. Samuel Gomer, president of the American Federation of Labor, Thursday night, he expressed great surprise at the news. In answer to what the federation would do in the matter, he said: "If Mr. Iglesias' conviction is upon the charge that he has been guilty of conspiracy to raise the wages of Porto Rican workmen, we shall have no effort unfurled to secure his honorable release, and also the necessary change in the laws of the island to conform to the American standard."

"It is an honorable ambition to secure better returns in the shape of wages for labor. The Porto Rican law is evidently a relic of Spanish brutal code and regime, and the American people will not tolerate so gross a violation of guaranteed rights."
